2. **TITLE OF SYMPOSIUM:**

3. **SYMPOSIUM ABSTRACT**

NARRATIVE ABSTRACT (word limit: **1000 characters**)

4. **SYMPOSIUM LEARNING OBJECTIVES:** Please specify what type of learning domain is targeted by this presentation. Select up to two:

- ☐ **Basic Knowledge:** To recall and memorize - Assess by direct questions. The object is to test the students' ability to recall facts, to identify and repeat the information provided.
- ☐ **Comprehension:** To translate from one form to another - Assess by having students' 1) restate material in their own words, 2) reorder or extrapolate ideas, predict or estimate. Assessments must provide evidence that the students have some understanding or comprehension of what they are saying.
- ☐ **Application:** To apply or use information in a new situation - Assess by presenting students with a unique situation (i.e. one not identical to that used during instruction) and have them apply their knowledge to solve the problem or execute the proper procedure.
- ☐ **Analysis:** To examine a concept and break it down into its parts - Assess by presenting students with a unique situation of the same type but not identical to that used during instruction, and have them analyze the situation and describe the appropriate procedure or solution to the problem.
- ☐ **Synthesis:** To put information together in a unique or novel way to solve a problem – Assess by presenting students with a unique situation NOT of the same type used during instruction, and have them solve a problem by selecting and using appropriate information .
- ☐ **Evaluation:** To make quantitative or qualitative judgments using standards of appraisal -Assess by presenting the students with a situation which includes both a problem and a solution to the problem and have them justify or critique the solution.

Based on the categories checked above, write two learning objectives. Each learning objectives should contain one behavioral verb related to selected category:

KNOWLEDGE: recall, identify, recognize, acquire, distinguish
